Product description:

The CL372VG glass door fridge combines technology, innovation, and design and is available in two colors: white or black.

It features static cooling with agitator and has an internal capacity of 342 liters.

The structure is made of pre-painted anti-corrosion sheet metal with an ABS interior.

The glass door has a side recessed handle and automatic closing.

The temperature is mechanically adjustable with an analog thermometer, and the defrosting is automatic with compressor stop.

It is equipped with a vertical LED internal lighting system.
