## Product description:

This CL20-50-70VG display fridge combines technology, innovation, and design.

It is available in white color with different net capacities and features static refrigeration with an agitator.

It has an internal capacity of 20-50-70 liters, and the structure is made of anticorrosion pre-painted sheet metal with an ABS interior.

The glass door has a recessed lateral handle and automatic closing.

The temperature is electronically regulated with a digital thermometer, and the defrosting is automatic with compressor stop.

It has internal lighting with two vertical LEDs.
