Product description:

The Artico 70 pre-mix undercounter cooling system with H2O cooling is made entirely of zinc-coated and painted steel. It uses eco-friendly R290 refrigerant gas and is equipped with a 25kg ice bank.

Our options for this system include up to 8 coils for dispensing beverages.

The benefits include:

- absence of a fan motor for greater silence
- no constraints on positioning for heat exchange
- greater cooling performance, especially in critical zones

Condensatore H₂O
in controcorrente
