Product description:

This is the compact and charming version of our beloved Petit TOWER.

With a single dispensing point, it is the perfect TOWER for those with limited space, maintaining the same quality and style as its larger counterpart.

Made entirely of stainless steel, it guarantees durability and corrosion resistance, and the 5/8" thread ensures a perfect seal.

Despite its smaller size, the Petit Small TOWER does not go unnoticed and adds a touch of elegance and authenticity to the venue.

If you are looking for a compact solution without compromising on retro charm, the Petit Small TOWER is the ideal choice.
