### Product description:

Raffaello Premium 45 is the professional beer and beverage dispensing system with an aluminum fusion designed by Saveese.

Its compact dimensions and elegant design make it ideal for various environments, including domestic settings.

With its dispensing capacity of up to 45 liters per hour and its continuous and immediate cooling technology, it allows you to pour and enjoy your cold beer or beverage instantly without the need for pre-cooling the keg.

Thanks to its low energy consumption and the use of eco-friendly R290 gas, Raffaello Premium 45 is the ultimate Green system.
